

Position (part-time):
High Performance/Development Manager
ITTF North America

ITTF North America is looking for a dynamic part-time High Performance Development Manager to administer and implement the ITTF North America High Performance/Development Program.

With the current budget this position is part-time, however, an enterprising candidate may transform the position into full-time.

Job Description:

The successful candidate will closely work with the managing Director to design, plan and implement the various activities of the High Performance/Development plan, such as the

- ITTF North America Hopes program
Plan, coordinate and lead the ITTF North America Hopes week
- ITTF North America World Cadet Challenge program
Coordinate the preparation and participation of Team North America in the World Cadet Challenge
- ITTF North America Junior High Performance Development program
Plan and coordinate Junior High Performance activities to add value to the National Junior Team programs
- ITTF North America Women's Development course
Capacity building activity in the areas of player development, coaching education or technical experts (officials, competition management, marketing)
- ITTF North America Development
Plan and coordinate an annual activity (camps, workshops) for not-yet-active associations which the ITTF defines as part of North America.

The ideal candidate will have a

- Solid coaching background in table tennis
- Excellent administrative skills
- Excellent communication skills (oral and in writing)
- Good understanding of North America's multi-cultural table tennis landscape
- Marketing skills are an asset

Job Location: The successful candidate will be a resident of the US or Canada.

Remuneration: According to qualifications and skill set

Please submit your application – an application letter, your CV, references to ITTF North America
